- Python fundamentals for beginners - Great learning
- OOPS Concepts in C++ - Great learning

INTERNSHIP

TwirlTact Technology Solution Private Limited

Completed Internship Program on Internet of Things using Python Programming.

(10/06/2024 to 26/06/2024)

PROJECTS

Electric Vehicle battery management system:

Electric vehicles (EVs) represent a promising solution for reducing greenhouse gas emissions and dependence on fossil fuels. However, effective monitoring of critical parameters such as battery voltage, current, and temperature is essential for ensuring the safety and performance of EV systems. Using GPS (LOCATION) for battery indication.
